

1. OCEAN BLUE

Life is an Ocean
Full of emotion blue
Waves of devotion
Carry me through to you
I live on the higher ground
Where the air is clear and heartless
Playing with the only sound
A life that is completely pointless

I have to say this time
That you mean nothing to me
I have to sing this line
That you take nothing from me
And all you do is lie
When all my friends desert me
The ocean stands before you
Why don't you, why don't you cry

Life is an ocean blue
Deep as my love for you it seems
Couldn't be the only one
So lonely on the distant horizon
I'm walking through the human zoo
Looking out not seeing you
Carry on walking, just carry on walking

I have to say this time
That you mean nothing to me
I have to sing this line
That you take nothing from me
And all you do is lie
When all my friends desert me
The ocean stands before you
Why don't you, why don't you cry

Life is an ocean blue
Life is an ocean blue
Life is an ocean blue
Life is an ocean blue
Life is an ocean blue
Living away from you
Life is an ocean blue
Living away from you

I have to say this time
That you mean nothing to me
I have to sing this line
That you take nothing from me
And all you do is lie
When all my friends desert me
The ocean stands before you
Why don't you, why don't you cry X 2

2. LIAR

The world is very strange
That we let those bastards push us down
As our dreams run down the drain
Well why do we sit still
Stand around and looking down
On a world that's getting ill?
Now wouldn't it be great
If we all rose up together
And pulled the big man from the cloud?

He's a liar, He's a liar, liar liar
Liar, just a great big liar
He's a liar, the man's a great big liar

I've seen him on TV
Every night and every day
I don't really wanna hear what the
Pigman has to say
He's surrounded by his nodding army
He's rotten through and through
He tells you what to say and think
He tells you what to do

Coz he's a liar, liar
Liar, Liar, Liar

Liar, Liar, Liar, Liar

Do you think there's any hope at all?
Do you think we have a chance?
Is anything gonna really change
If we take a different stance?
If we all make better choices
If we make a louder noise
If we shout and scream
And stamp our feet
And throw out all our toys

Or are you gonna turn around
And look the other way?
As the liar and his cronies
Make things worser by the day

Hes a liar, kliar liar lar
Hes a liar, kliar liar lar
Liar, real big liar
He's a liar, yeah, he's a he's a liar
Liar

3. TIME AFTER TIME

She carried off my broken bones
I didn't know what I was going through
I couldn't help myself
I didn't want those eyes to see me cry

Well I was tired and I was torn
I was turning in my grave
Like an ocean of despair
Didn't know if I'd be saved

Time, time will tell
Time, time will tell
Time will tell

She put her hands around my neck
She squeezed and pulled me tight
I couldn't breathe, I couldn't see
Didn't have the strength to fight
I gave it up, I gave it all
Showed the workings of my soul
Wrapped her arms around my heart
And went into the night

Time, time will tell
Time, time will tell
Time will tell

Time after time
The story told, the blood run cold
out from my heart
Time after time
I fell again into the
flames of hate and fear
Time after time
I knew you would, I hate to say
I told you so
Time after time
You never learn you fool
you have to let it go
Time after time
Time after time
Time after time
Time after time
Time after time

4. BASKET OF HANDS

Nowhere else to fall except into an empty grave
The greed of a King took a nation as his slave

Couldn't get enough to satisfy his inner rage
Women of the slaves, he had to keep them in a cage

Children had to suffer when the house began to fall
The king he was impatient and he had to have it all

Time was running out and if you tried to run away
The rich men had an army to bring you back again

Put your hands in the basket
Put your hands in the basket
Put your hands in the basket
Put your hands in the basket

Nowhere else to fall except into an empty grave
The greed of a King took a nation as his slave

Nowhere else to fall except into an empty grave
The greed of a King took a nation as his slave

Nowhere else to fall except into an empty grave
The greed of a King took a nation as his slave

Nowhere else to fall except into an empty grave
The greed of a King took a nation as his slave

5. SPANISH SNOW

La nieve Española cae sobre mi corazón
(The Spanish snow falls in my heart)

Your heart is cold
Your pictures move in a strange way
I fall apart at night when its dark
I'm afraid its true

New golden fortunes
Play a tune I can't hear

Love fills the ocean
On a bright snowy day
Lies stay untold
Truth will unfold
Till the end

Your voice deceives me every day
You're not alone
I can see, that there's fight in your eyes
You leave me behind I despise you
For the things you cut and tore from my life

New golden fortunes
Play a tune I cant hear

Love fills the ocean
On a bright snowy day
Lies stay untold
Truth will unfold
Till the end

Love fills the ocean
On a bright snowy day
Love fills the ocean
On a bright snowy day
Lies stay untold
Truth will unfold
Till the end

6. THE REASON WHY

I see the failure in the fortunes of the brave
I fail to understand the reasons that you gave
The anger doesn't show, does anybody know
What makes you cry?

Living in a world that doesn't care about a soul
We have children that are starving for another persons goal
The anger doesn't show, does anybody know
Why don't we try?

I can see the world burn behind me
I'd love to see a world more sublime
I can see the world turn beside me
I'd love to see a world less divine

Take and take and take and take until it is all gone
Till the human race is finished everything that don't belong to them
The anger doesn't show, does anybody know
The reason why?

Corporations suck your blood, because the oil is not enough
Evolution can't come quick enough to save the rest of us
The anger doesn't show, does anybody know
The reason why?

I can see the world burn behind me
I'd love to see a world more sublime
I can see the world turn beside me
I'd love to see a world less divine

I see the failure in the fortunes of the brave
I fail to understand the reasons that you gave
The anger doesn't show, does anybody know
The reasons why?

I see the failure in the fortunes of the brave
Fail to understand the reasons that you gave
The anger doesn't show, does anybody know
The reason why?

The anger doesn't show, does anybody know
The reason why?

The anger doesn't show, does anybody know
The reason why?

7. PSYCHO DRILL

I never found out what was turning me blind
Could never feel just what was hurting my mind
I just don't care what the big man says
I couldn't hear what the music plays

oo oo oh
I said
oo oo oh

I got a drill it's killing me
I got a drill it's drilling inside of my head
I got a drill it's killing me
I gotta psycho drill psycho drill
Drilling in me

oo oo ooh
oo oo ooh
woo ohh ohh hoo
oo oo ooh
oo oo ooh
woo ohh ohh hoo

Now I just don't know if I'm happy or sad
I just can't hide if these things are so bad
You got me singing like a fool on the hill
You got me swimming, you got me hanging on say it

oo oo ooh
oo oo ooh

I got a drill it's killing me
I got a psycho drill, psycho drill
Inside my head
I like it there
Ah na na na na na na na

oo oo ooh
oo oo ooh
woo ohh ohh hoo
oo oo ooh
oo oo ooh
woo ohh ohh hoo

oo oo ooh
oo oo ooh
woo ohh ohh hoo

The psycho drill pounding inside my head
The psycho drill's making me feel like
uh uh uh uh
The psycho drill pounding inside my head
The psycho drill, just take me just take me

oo oo ooh

I got a drill it's killing me
I got a psycho drill, psycho drill
Inside my head

I like it there
Ah na na na na na na na

oo oo ooh
oo oo ooh
woo oh oh ooh
oo oo ooh
oo oo ooh
woo oh oh ooh

The psycho drill pounding inside my head
The psycho drill's making me feel like
uh uh uh uh
The psycho drill pounding inside my head
The psycho drill, just take me just take me

oo oo ooh
oo oo ooh
oo oo ooh
oo oo ooh

8. CONTRIVANCES FOR THE SOUL

Staring at the dark
Colours falling from the sky
Sending rivers in reverse
Never asking why

The soul is in disguise
Calling futures that you never saw
I see it in your eyes
See it in your smile

Taking all the time
Taking orders
Learning all the crimes
You committed
Fighting in the mind
Finding fortunes
Leaving things aside
You have forgiven

Looking for the time
Looking for the time
Looking for the time

Looking for the time
To understand the reason
Making pictures of the sounds
As certain as the seasons
